

CORVETTE INDY CELEBRATES 30 YEARS

Corvette Indy was incorporated in 1989 by twelve brave souls who wanted to build a “Social Club” that focused on Faith & Family above and beyond individual members competing for points, indeed; by members joined by Corvette camaraderie, Faith, and caring for each other!

Thirty years later and over 300 members strong, Corvette Indy is like Alice’s Restaurant; Car Shows, Drive ‘n Dines, Group excursions, NCCC sanctioned Autocross & Rallies, and weekly opportunities to eat, Golf, Shoot, etc. To prove we could have fun and remain competitive, our club won NCCC’s Autocross nationally in 1992!

Corvette Indy is a TEAM of great people who love their Corvettes first and foremost as well as other people who attain and maintain those beautiful babies. Add life into the mix and we share good food and great stories several times a week. We also stand shoulder to shoulder with our brothers and sisters that need prayer for healing! We are a club that prays together and have formed lifetime bonds through a love for an iconic automobile that aptly represents the Heartbeat of America!

We just shared a 30-year celebration milestone with 150 members present, several traveling from other states to be with their lifelong brothers and sisters. As two of the founding members, we are touched beyond words regarding the love that circulated within the ballroom that night, for each other and the beautiful Corvettes that we all enjoy together and apart. May God continue to bless each member and everything they care for, and may we continue to grow as one of the most profound Corvette Clubs to ever have existed! Here is to another great 30 years!

Come visit us! We just confirmed the dates for our two huge NCCC events that we’re hosting in 2020: Our Main Event Autocross will be on **June 6th & 7th**, where we had 55 cars registered and about 700 runs per day in 2019. And..

Our Vettes N Vet’s Corvette Show will be held on **August 15th**, where we had 73 members and 109 guests brandishing their beautiful babies in 2019.

Mark your calendars *now*, we would love to meet you and have fun together! Until then, keep warm this winter and get those beautiful Corvette babies cleaned, waxed, tuned-up, and ready to rock & roll throughout 2020!

Faithfully Yours ~ William & Sharon Arnold ~ <http://www.CorvetteIndy.com>
