

Alan and Judy Carnahan - 2014

Alan and Judy Carnahan have been married 18 years. Judy was born and grew up in Indianapolis and Alan was born and grew up in Evansville, IN, coming to the Indy area in 1977. Alan is a Corporal with the Marion County Sheriff's Office. Judy has been retired about 2 years from Sony Music. Judy says she enjoys being retired, particularly not having to get up early every morning. Alan says she enjoys getting rid of her husband every day. Alan's interests include yard work and taking care of their ponds. Judy enjoys spending time with her granddaughter and sewing. The Carnahans have been members of CI since September 2013 and have never been members of any other Corvette Club. Alan first became interested in Vettes in High School and test drove them through-out his life. But finally got his first Vette last September - after waiting "Too Long". They own a 2007 black C6 coupe with lots of bling and mods. They have never owned any other Corvette. What they like best about CI is the people and having fun with groups of people. And their favorite activities include the cruises - they have made lots of great memories from them. They really had a good time going to the track in May. Getting to really 'go' on the track was a very pleasant surprise. Judy shared a Corvette story about when they got their Vette. Alan told her he was going to buy a Vette and just a few days later, He Bought One.
