

Bob and Barb Young - 2013

The Youngs have been married for 41 years and have lived-in the Indy area for 26 years. Bob was born in Austria and grew up in Central Maine. Barb was born and raised in Louisville KY. Bob is retired - (which makes him a registered gopher) having retired from Kodak and Sprint. Barb works for IU Health. Bob thinks that the best thing about being retired is getting to spend more time with Barb. Bob says that his interest and favorite activity is track driving his '89 C4 and Barb says it's being with Bob. Bob has been a member of CI for 11 years. Besides CI Bob has been a member of Indianapolis Corvette Club and Circle City Corvette Club. Corvettes have been a long time fascination for Bob and he has owned an '85 red and black Vette, an '89 red and black 6 speed coupe (which is his track car) and a 2010 ZR1. He still has the '89 and the 2010. The Young's favorite things about CI are the friendliness of the members, the welcoming nature of the club, the many different activities and that there are so many different things to do. In fact they feel that CI is the best club they have ever been in. Their favorite club activities are the parties and the Drive and Dines. Bob shared his favorite Corvette story, which also is the story of how he 'found' CI. He met Jim Walton at Vettefest at the McCormick Center. Bob had bought 12 mounted tires and needed to get them back home but all he had was a '97 Mountaineer. Jim brought them back to Indy for him and delivered them to Bob's house for free. Right then Bob knew that he needed to join CI if it had people like Jim in it.
