

Bryan and Margaret Yeisley - 2016

Bryan and Margaret have been married for 6 years. Bryan is originally from Illinois and Margaret is from Iowa. They have lived in the Indy area 20-25 years between the two of them. Bryan is an Iron Worker by trade and works for HIS Constructors as a Bridge Superintendent. Margaret is a nurse and works for St. Vincent's as a Clinical Educator. Their favorite activity is to travel in their Corvette. They are brand new members to Corvette Indy - having just joined March 7. Bryan and Margaret have never been members of any other Corvette Club. Bryan became interested in Corvettes because his family owned Corvettes. They currently own a 2012 Blade Silver Grand Sport. Previously, they owned a 2002, triple black convertible. The things that they like best about CI, so far, are the community atmosphere and that there is such a variety of activities. They particularly enjoy Drive n Dines. They don't have any favorite Corvette stories to share just yet. I may have to check back with them after they have been members for a little while to see what stories they will have then.
