

CORVETTE INDY

Corvette Indy was established in 1989 by a group of 36 individuals that were interested in racing their Corvettes and placed very well in competition and won the 1992 Auto Cross National Championship!

From these humble but proud beginnings the Club has changed but still remembers its roots. Corvette Indy prepares to celebrate its 30th Anniversary and also plans its 29th annual Auto Cross Racing Weekend and its 7th annual Vettes N Vets car show which has grown to be the largest all Corvette show in Indiana.

In the past decade the Club facing a dwindling number of racers reinvented itself and has transformed to a large social club that still supports racing. The transition was very successful and the club has grown from about 60 members in 2008 to well over 300 strong.

It is the largest and one of the most active NCCC clubs in the Indiana Region. The members participate in almost every type of activity that celebrates the Corvette such as; car shows, Drive N Dines, road trips, frequent club parties, holiday parades, home coming parades for Butler University and several local high schools, Indy 500 track laps, auto cross, road rallies, volunteer events for local charities and elder care communities plus multiple weekly dinner gatherings.

The success of Corvette Indy is a tribute to the rapport between long term members and more recent members that have brought new energy and additional activities.

Corvette Indy members have lots of fun with their Corvettes and with their Club member friends and are proud to represent a Club that is steeped with racing history and yet has become a very fun and successful social club. Its members are caring, friendly, charitable and fun loving people. Corvette Indy is proud to be sponsored by Penske Chevrolet!
