

Dean and Zoe Dolbee - 2013

Dean and Zoe have been married 44 years. Zoe was born and grew up in Danville IL and Dean was born in Danville but grew up in Oakwood IL. They have lived in the Indy area for more than 2 years. Zoe has been retired for 2 $\frac{1}{2}$ years from teaching technology and Dean has been retired 4 $\frac{1}{2}$ years from the family lumber business. They agree that they both love retirement because you can do what you want and there is no time clock. Their favorite activities are browsing area antique stores and their grandchildren. They have been members of CI for going on three years and have never belonged to any other Corvette Club. Dean got interested in Corvettes because his oldest brother had a '61 and even though he was only a boy, he knew he wanted one. Currently they own a 2012 Supersonic Blue Metallic Coupe. Previously they have owned a '65 White convertible (which was Dean's brother's that Dean bought from him when his brother went to Vietnam.) They have also have a '69 gold coupe, a '76 white t-top, an '07 white convertible, an '09 silver coupe and an '11 red metallic coupe. The thing they like best about CI is the welcoming fellowship. Their favorite CI activities are Drive N Dines and car shows (as spectators). Dean and Zoe shared a story about when Dean's brother came home from Vietnam and Dean let him take the Vette out for a drive. He wrecked it! So Dean and Zoe were stuck - for 6 weeks - dating in a truck while the Vette was being repaired.
