

Doug and Arminta Inbody -2013

The Inbodys (our Merchandise Director and her helpful husband) have been married for 24 years. Doug was born and raised in Goshen IN and Arminta was born in Brazil IN, attended Hymera grade school & North Central High School in Farmersburg. She left for school in Indy after graduation in 1969 and never went back. Doug came to the Indy area in 1979. Doug is a commercial contractor and Arminta is looking for a career change from Information Technology Mainframe Technical Support to a move into an Administrative Assistant position (less stress). Arminta and Doug share interests in Harleys and of course Corvettes and Doug is also into golf and guns. They have been members of CI for 2 ½ years and have never been members of any other Corvette Club. Their interest in Corvettes came from Doug who had always wanted one. When they found their '98 black coupe they decided to buy it. The Inbodys' favorite things about CI are the people. They find it to be a friendly, social club that makes you feel welcome. Their favorite activity is the Drive and Dines. Their favorite Corvette story involves the return trip from a visit to the Corvette Museum in Bowling Green. After stopping for gas in Sellersburg, the car would not start. AAA sent a car carrier and brought the Vette to Penske only to find out that the problem was simply the battery.
