

Greg and Donna Bowron - 2013

Our esteemed President and Social Director have been married for 43 years. Donna was born and raised in the Indy area while Greg was born in South Bend but grew up in the Indy area. Greg has been retired from Praxair for 3 years while Donna continues her job at the Nora Library. Greg thoroughly enjoys being retired, primarily because it is much less stressful than working! Donna's favorite activities include reading and shopping. Greg is an avid Notre Dame football fan and of course loves Corvettes. They have been members of CI for 6 years and are also members of Circle City Corvette Club. Greg bought their first Corvette in 1988. They have owned an '84 red coupe and currently own a '68 red convertible, an '84 red coupe, a 2000 navy convertible, a 2000 navy coupe and a 2001 torch red convertible. The things they enjoy the most about CI are the people and eating. Car Shows, Drive and Dines and the meetings are some of their favorite club activities. Donna shared a story about their drive on the Tail of The Dragon. She was quite car sick and realized that they still had 15 miles to go. At the end she thought "I made it!" and then she found out that they had to go back the way they had just come.
