

## **Janna and Pete Davis - 2016**

Janna and Pete Davis were married in May 2014, so they have been married almost 2 years. Janna was born and grew up in Bowling Green, IN and Pete was born in Boston and grew up in South Bend, IN. They have lived in the Indy area for 9 years. Janna works as a Clinical Education Specialist for Hologic, Inc. and Pete is retired. He retired 2  $\frac{1}{2}$  years ago from his own medical imaging business which he sold in November 2015. Pete definitely enjoys being retired, with the best thing about it having the time to do the things that he always wished that he had the time to do. He also enjoys taking care of things so that Janna's life can be more enjoyable. Janna's interests and favorite activities include reading, shopping and working and Pete's include golf, travel and Corvette events. They have been members of Corvette Indy since January 2015 and have never been members of any other Corvette club. Janna has always loved cars and Pete has always loved Corvettes but never had the time to participate in Corvette activities until he retired. Currently they own a 2016 Z51 Torch Red Coupe. Previously they had a 2006 Silver convertible. When asked what they like best about CI they replied that there are so many events and things to do and the people are great. Their favorite activities are the Drive n Dines, the Indy 500 track events and they are looking forward to some upcoming week-end tours. Pete's favorite Corvette story to share involved

when he bought his first Corvette – the 2006. He found it in Minneapolis in January. He was determined to drive it home. Fortunately, cooler heads prevailed and Janna persuaded him that if he attempted that he would probably be buying their 2nd Corvette later that week. They had it shipped instead. Pete admits that that was a good decision.
