

## **Jerry and Elaine Croy - 2014**

Jerry and Elaine Croy have been married 40  $\frac{1}{2}$  years. Elaine was born and grew up in Detroit MI and Jerry was born in Perrysburg OH and grew up in Detroit. They have lived in the Indy area since 1988. Elaine works for Liberty Mutual and Jerry works for Price Waterhouse Coopers. Both Elaine and Jerry are interested in traveling, cars and family; particularly since that family now includes a three month old grandson. Jerry is also interested in baseball. They have been members of CI since November 2013. They have never been members of any other Corvette Club but Jerry has been a member of the National Corvette Restorers Society in Dayton OH. When asked how they got interested in Corvettes, the answer was - they grew up in Detroit and worked for GM. Currently they own a 2011, Torch Red, Grand Sport convertible. Previously they owned a 2007 Black coupe. The things they like best about CI are the people and the activities and in particular the activities that they enjoy are eating and socializing and they really enjoyed Sunday's cruise to the track and all the track day events. The Corvette story that they shared was about the time that they trailered a two week old Corvette to Detroit for the Woodward Dream Cruise. They needed to trailer the car because an important part of the trip was the 12 bushels of peaches that they brought back with them in the pick-up towing the trailer.
