

Jim and Shelley Noelle - 2013

Jim and Shelley have been married 42 years. Shelley was born in Watseka, IL and grew up in Blissfield, MI. Jim was born and raised in Evansville, IN. Shelley has been retired for 10 years from the medical field and Jim is a retired pilot; leaving Northwest 5 years ago. They both love retirement. The best things about it are being able to travel, spend time with grandchildren and Drive and Dines. Aside from those activities, their favorite things to do include running for Jim and reading for Shelley. They have been members of CI since May 2012. Other Corvette Club memberships include Circle City Corvette Club and Jim was a member of Las Vegas Corvette Club when they lived out there. Jim fell in love with Corvettes in high school because a friend had one. He got his first one in college - a '67 Nassau Blue Coupe. The Noelles have owned a total of 14 Corvettes over the years. Their current car is a red 2007 ZO6 - with Jim coveting a Cyber Grey C7; an automatic convertible for Shelley. Their favorite things about CI are that there are so many activities and that there are so many really friendly people. They particularly enjoy the Drive and Dines, "lunching", and the parties. They shared a story about their granddaughter Katie. She was told that when she turns 16 she can drive whatever Corvette Jim has at that time. She has somehow morphed that idea, so that now she says that when she turns 16 she GETS whatever Corvette her grandfather has at that time?!?
