

John and Diana Albright - 2013

John and Diana have been married almost 45 years. They were both born and grew up in Kokomo and have lived in the Indy area since 1968. Diana works as an independent contractor Medical Transcriptionist. John retired February 28th from IU Health - Riley. He still hasn't figured out what the best things about being retired are. It still seems like a vacation. Both John and Diane enjoy reading, listening to music and traveling and John enjoys working on cars. They have been members of CI since 1989 and have never belonged to any other Corvette Club. When the Albrights were in their 20s they ALMOST bought a Vette but actually bought their first one - a 1980 blue coupe- in 1989. Currently they own a 2009 cyber gray metallic coupe. They have owned quite a few Vettes since buying their first one; the 1980, a 1986, a 1992, a 1995 and they also owned a 1982 Collector Edition which they traded for the 2009 coupe they have now. John and Diana enjoy the fellowship of CI the most and their favorite activities are the picnics and the club meetings. The story that they shared involved Diana driving in New Mexico in 2009. She pushed a navigation button and mistakenly changed the language from English to Spanish. She then drove erratically down the road trying to figure out how to get it back to English. Finally she pulled off at a rest stop and called Gene C. so he could tell her how to get it back to English.
