

Kevin and Beth McDougall - 2014

Kevin and Beth McDougall have been married for 20 years. Kevin was born and grew up in Hartford City IN and Beth was born and grew up in Connersville IN. They have lived in the Indy area for 27 years, since 1987. Kevin is a Financial Advisor with Wells Fargo and Beth is the Facility Manager for Wiley Publishing. Kevin's interests include fishing and studying the markets in search of Alpha. Kevin and Beth have been members of CI for 1 year. Previously, they have been members of Circle City Corvette Club. Kevin first became interested in Corvettes in high school because one of his best friend's father owned Bauer Chevrolet and he always had a new Corvette. Kevin spent a lot of time in those Vettes and fell in love. Currently they own a 2006 Velocity Yellow C6 Convertible. They have not owned any Corvettes previously. What they like best about CI are the driving events with their favorite activity being the lap around the track opportunities. Kevin shared a favorite Corvette story about when he bought their C6. He didn't exactly 'ask permission'. He just bought it - then showed up at home with several dozen yellow roses and Beth knew right away that something was up! But Beth loves the car too and there were (as Kevin put it) 'no difficult conversations' about the purchase.'
