

Larry and Joy Greenwalt - 2015

Larry and Joy Greenwalt have been married 49 years. Larry was born and raised in Muncie Indiana and Joy grew up in Martinsville Indiana. Larry has just retired Chairman of Greenwalt CPAs, Inc. He now does some business and financial consulting. When asked if he enjoys retirement his response was Yes! Larry added that the best things about it are being free to travel, especially to N.C. and Florida and also to take various short trips. The Greenwalts' interests include landscape gardening, hiking and spending time with the grandkids. They have been members of CI for about a year. They are also members of Circle City Corvette Club. When asked how he first became interested in Corvettes, Larry said that he had always been into cars. Then in 1987 he exchanged cars with a friend for about a week and drove his friend's 1986 Corvette. It took a little while before the Corvette bug bit him but then he ordered a black 1988 and took delivery in November 1987. Currently they own a black 2009 ZR1 and a Limerock green 2014 Stingray. In the past they have owned a black 1988 coupe, a black 1990 ZR1 and a red 2000 convertible. The things that they like best about CI are the wide variety of activities, the friendly people and the meeting format. Their favorite CI activities are the destination Drive n Dines and the bi-weekly meetings
