

Mike and Anna Scarlavai - 2016

Mike and Anna Scarlavai have been married for 37 years. Mike was born on Nellis AFB in Las Vega and grew up in Detroit, where the rest of the family was born. Anna was born and grew up in Detroit, two blocks away from Mike. They say they were eastsiders '7 mile and I94'. They have lived in the Indy area since 1994 as the result of a job transfer with Fruehauf Corporation. Mike is a Finance manager at Telamon in Carmel and Anna is a patient account rep at St. Vincent's Carmel. Mike's interests and favorite activities include drums, reading, working out and architecture and Anna's include reading, walking and gardening. They have only been members of CI for a few months but were members of Circle City Corvette Club for 5 years. Mike says he first got interested in Corvettes in 1968, in grade school while attending Marquette Grade School in Detroit. He made up his mind to buy one when the C5 was introduced. He knew it was world class, had no rattles or some of the other issues that American cars had in that era. They currently own an '09 Z51 Crystal red with two tone interior that Mike flew to Orlando Florida to buy. Previously, they owned a 2002 C5 Magnetic Red Convertible. What Mike and Anna like best about CI is the large choice of activities and they have some friends who belong to the club. Since they are newer members of CI, their favorite CI activities are yet to be determined. The Scarlavais had two Corvette stories to share. The first was that they did a Mackinaw City and Island trip twice in a Vette - once with CCCC and once with a small group. They say that 'that destination can't be beat!' They also shared that they recently learned that Zora Duntov lived only blocks away from the homes that they grew up in. They found out about it when his house went up for sale and was listed in one of the Vette magazines. One of Anna's brothers even lived on the same street. Small world!!!
