

## **Tim and Lori McCord - 2016**

Tim and Lori McCord have been married 15 years this month. Tim grew up in Fort Hood Texas and Lori grew up in Rushville IN. Tim is the Assistant Director of Technology for Rush County and Lori is a Transportation Planner for PKG Express Trucking in Shelbyville. Tim's favorite activities and interests include SciFi movies, Vette stuff, military events (he is a former Marine SSgt) working with his hands and with people and being a papaw which means spoiling the grandkids. Lori enjoys being grammy which also means spoiling the grandkids, walking and working with flowers. They have only been members of CI for a few months and have never been members of any other Corvette Club. Tim got interested in Corvettes when he was 7 years old because his uncle had a '63 split window red Stingray. Currently they own a 2002 Torch Red Coupe; Targa: modified engine/tranny/exhaust with flat black wheels. They have never owned any other Corvettes. Since they are such new members, they are still figuring out what they like best about CI, what their favorite CI activities are and what Corvette stories they have to share. Maybe we will have to check back with them in the future for an update
